BIDDLES ARE DYING

And Mrs. Soffel is in a Hospital in a Critical Condition.

A Bloody Battle was Fought

In Which Eight Officers Emptied Shotguns, Winchesters and Revolvers, Riddling the Two Men With Bullets. A Story of the Tragedy.

Butler, Pa., Feb. 1.—At 6 a. m. today the Biddle brothers were both still alive. Mrs. Soffel will recover, the doctors say. The wounds of the Biddles indicate that they attempted suicide, there being powder marks on both Ed and Jack. Jack shot himself in the mouth and the bullet lodged in his brain.

Warden Soffel now says that his wife chloroformed him the morning the Biddles escaped. She furnished two suits of his clothes for the murderers and gave the signal for their escape. He says his wife held communication with Ed. Biddle by means of a code concealed in religious books, which she brought him weeks before the escape was attempted.

"LITTLE WONDER

If They Took a Lot of Bullets Out of Them," Says the Detectives.

Butler, Penn., Feb. 1.—It is now stated that the Biddle boys intended to make their way to Toledo, where they had friends who would conceal them. There is a row on between the Butler officers and Pittsburg police. At 9 o'clock detectives Charles McGovern, J. H. Swinehart and John Roach were still in town. They do not go near the jail and are much incensed at Sheriff Hoon's threatening to arrest them if they interfered with his management of the jail. This morning McGovern and Swinehart, when seen on the street, said of the shooting: "It is a small wonder if they took a lot of thirty-eight caliber bullets out of them," and pulling two big revolvers out of their pockets said: "We emptied these into them as well as shot guns". The place where the battle occurred is at the top of a hill gently rising westward from Little Creek, near the houses of Elliott and Robert Cline, seven miles west of Butler.

Scramble For the Reward.

Butler, Pa., Feb. 1.—Butler authorities want an equal division of the $5,000 reward, for the arrest of the Biddles, among James A. Snyder, Frank Holliday, Aaron Thompson, Robert Ray, Charles McGovern, John Roach, J. H. Swinehart and Rainey Hoon. These eight men were either in or present at the fight resulting in the capture of the murderers.

MRS. SOFFEL

Is Now Repentant and Hopes That Her Life May be Spared.

Butler, Feb. 1.—At noon, Ed. Biddle was still alive, but his death is expected to occur any minute. Jack Biddle is still alive and said: "I know my time here is short one way or the other and you can say for me that I am a Christian and will die a sincere believer in God and hope I will have strength enough to say so at the last. This life has been pretty rough for me and the end cannot come too quick, and I don't care how." Dr. George McAdoo has just returned from attending Mrs. Soffel in the hospital. She is repentant and says she does not know how she could have done it. She said, "I feel strong and believe and hope God will spare my life for many years to live down this thing." She did not inquire after her husband and children.

THE BIDDLES

Are Both Dying and Mrs. Soffel's Condition Becomes Serious.

Butler, Pa., Feb. 1.—The Biddles are believed to be dying and contrary to the expectation, Jack may pass away first. Inflamation has set in in his bowels, which were frightfully torn by bullets and he cannot live long. Ed. Biddle is also in a dying condition. He is in convulsions and the death rattle is in his throat. Mrs. Soffel has developed pneumonia and her condition is more serious than ever.

TRAGIC STORY

Of the Flight and Final Winging of the Fugitives.

Butler, Pa., Feb. 1.—Edward Biddle in jail dying, John Biddle riddled with buckshot and in a precarious condition, and Mrs. Peter K. Soffel lying in the hospital with a self-inflicted bullet wound in the breast, is the sequel of the sensational escape of the Biddle brothers from the Allegheny county jail, aided by Mrs. Soffel, the wife of the jail warden, on Thursday morning. The story of the close of the Biddle tragedy, which came at 5:45 Friday evening, is a thrilling one.

The scene was a snow-covered road two miles east of Prospect, Butler county, near Mount Chestnut, and the exact place was at McClure's barn, where two double-team sleighs, filled with eight officers, three of them Pittsburg detectives, John Roach, Albert Swinehart and Charles McGovern, met the two Biddles in a one-horse sleigh, stolen at Perrysville, and at once opened fire on the trio. The Biddles returned the fire after jumping out of the sleigh. Mrs. Soffel was shot through the breast. Edward Biddle was shot in the left arm, in the breast and in one leg. John Biddle was riddled with buckshot in the breast and head.

The Pittsburg officers were met at Butler by Deputy Sheriffs Rainey and Hoon and Officers Frank Holliday and Aaron Thompson, the latter under command of Chief of Police Robert Ray of Butler. The officers were certain that they were on the right trail. It was only a question of time when they would catch up to the escaping condemned murderers and their guilty companion.

The Biddles and Mrs. Soffel ate dinner at J. J. Stephens' at Mount Chestnut, five miles east of Butler. They had made a detour of the town of Butler, and after going several miles east turned north and then west. The Pittsburg officers, only a few miles in the rear, took the wrong road for about eight miles, but when they found their mistake they made up for lost time by telephoning and telegraphing ahead for fresh horses. They reached Mount Chestnut not less than half an hour after the Biddles and Mrs. Soffel. At this point fresh horses awaited them, and the chase for life began anew.

The two sleighs, with the eight officers aboard, started westward, and met the Biddles and Mrs. Soffel at McClure's barn, two miles from Mount Prospect, the Biddles having learned that they were almost overtaken, and taking what they considered the only chance they had, drove eastward and met their doom. The Pittsburg and other officers were armed with winchester rifles and revolvers of large caliber. They shot to kill and their aim was perfect. The Biddles tried to kill to the last of their string, but not one of the eight officers has a wound as the result of the battle.

Story of the Fight.

The story of the fight, as told by one of the detectives, is as follows: The Biddles were sitting on the right side of the cutter, Mrs. Soffel was on the left side. "Hold up your hands and surrender," cried Detective McGovern. Ed Biddle jumped up from his seat and, raising a shotgun, fired at McGovern. He aimed badly and the shot scattered on the road. Detective McGovern and Roach discharged their winchesters at Ed Biddle. Both shots took effect, Jack Biddel raised from the seat and discharged his revolver at the three officers. Detective Swinehart steadied himself and fired his 45 Colt revolver at Jack. The ball took effect in Jack's arm. Then the detectives opened fire on the boys in rapid succession. The shots knocked them out of the sleigh. Ed fell sprawling on the snow and Jack fell on top of him. Their firearms fell alongside of them. The Biddles' horse then became frightened and ran away across a field. It was at this time that Mrs. Soffel was seen to collapse in the sleigh.

The detectives approached the wounded men and Detective Swinehart was rushing in on them, when Detective McGovern called to him to stay back, that the Biddles were only feigning. Detective Roach saw Ed Biddle reaching in his coat pocket as if for a gun, and the detective shot him again. Then Detective McGovern ran up within five feet of the boys and emptied his winchester into them. The Biddles then yielded. After the Biddles yielded Detectives Roach and McGovern handcuffed them hands and feet, and they were taken to Butler. Mrs. Soffel, who had fallen from the sleigh when the horse ran away, was picked up and placed in the detectives' large sleigh, with her companions, and taken to the hospital at Butler.

At the jail Ed Biddle called for a priest and made the following statement: "I have been accused of a great many serious crimes. I admit that I could have committed many, the opportunities for them presented themselves. I want to say now that I did not kill Detective Fitzgerald, nor did I shoot Thomas Kahney, nor was my brother implicated in the latter affair. Mrs. Soffel aided us in getting out of the county jail, and had it not been for her we would have made our escape. She gave up everything for us and I was bound to back her. I did not shoot her. She shot herself. Although I have been pictured to you as a desperate man, I still have some heart and gratitude for the woman who helped us to escape. She merely did it out of good sympathy for us. I persuaded her to do it. I told her I was guiltless of the crime for which I was about to be executed, and she was impressed and yielded to my suggestion. I planned it all."

Looking up he saw several reporters, and recognized them as the men who had reported all his nefarious crimes for which he was tried. "You blackguards, you are the cause of the bitter feeling that has been engendered against us. You created the public sentiment against us. Are you sorry? You are not. You are too heartless." At this juncture the dying man became very weak.

Mrs. Soffel made a statement after her capture in which she said she became involved in the affair through her sympathy for Ed Biddle. She said she now realized her mistake and wished she was dead. She said she did not shoot herself, but was the first one shot by the detectives. The officers says the woman was armed, but do not think she fired any shots. Dr. J. E. Ayres, who examined the Biddles and Mrs. Soffel as soon as the prisoners were taken into the county jail, made the following statement: "The wounds of all three prisoners are exceedingly grave, and may result fatally."

PADUCAH

Presents a Very Desolate Scene.

Streets Blockaded With Wires, Trees and Poles.

Many Factories and Public Utilities are Closed Down and Business is Almost Wholly Suspended.

Paducah, Ky., Feb. 1.—The city is practically dead. Many of the streets are blockaded with broken trees and hundreds of wires on broken poles. All day, as a result of a steady drizzle, which froze as it struck, wires and poles have been breaking, shutting down factories and public utilities. The newspapers, whose machines and presses are run by electricity, are suspended, the city's street electric light and fire alarm systems are useless, and huge poles snap every hour, bringing down their loads of wires and adding to the existing confusion. Several roofs have collapsed from the ice and water, entailing thousands of dollars of damage to stocks in many stores. The damage from broken poles and wires alone will be $25,000, and to merchandise over $100,000, while that to business can not be estimated.

SHRINE CLUB MEETING.

All members of the Shrine club are requested to be at the club room at 8 o'clock p. m., Saturday, February 1.

CHINESE

Murderer Hanged in South Bend Court House Yard.

South Bend, Wash., Feb. 1.—Lum Lou, a Chinaman, who murdered Oscar Bloom at Bay Center, Aug. 6 last, was hanged in the courthouse yard. He displayed remarkable nerve, bade his friends goodby and asked to be killed quickly. His neck was broken and there was hardly a perceptible tremor. About 200 persons witnessed the execution.

BOERS

Are Not Behind the Proposition

And John Bull

Declines to Accede to the Request.

No Commission Will Yet be Sent to South Africa's War Scenes.

The British, However, Express a Willingness to Receive any Properly Authorized Proposal.

The Hague, Feb. 1.—The reply of Great Britain to the Dutch note concerning peace in South Africa is a polite refusal of the request that permission be granted for a commission to proceed to South Africa. This is due, it is claimed, to the lack of any authorization by the Boers, but the door of negotiations is not wholly closed, since Great Britain's reply reaffirms the willingness of that country to accede to any authorized proposal tending to the conclusion of peace.

Boers Able to Hold Out.

Paris, Feb. 1.—The Liberte prints a dispatch from Brussels which says that Dr. Leyds, the European agent of the Boers, recently received a communication from General Botha, dated only six weeks ago, in which the Boer commander-in-chief not only does not allude to his desire for peace, but declares the Boers are sufficiently provisioned to continue the struggle hopefully, and that the situation in Cape Colony is growing worse for the British. The Temps correspondent, in an interview with Dr. Leyds and Mr. Fischer, at Brussels, regarding the powers of the Boer delegation in Europe, quotes them as saying: "We are duly accredited by our governments and could begin negotiations at any moment, but we will do nothing decisive before consulting with the commanders, and neither Steyn nor Botha nor any other leader will take a decision without conferring with us."

GARDNER

Loses to Jack Root, of Chicago, on a Foul Blow.

San Francisco, Feb. 1.—In the seventh round of what was to have been a 20-round contest between George Gardner of Lowell Mass., and Jack Root of Chicago, the latter was awarded a decision here upon the claim of foul. It was a hurricane fight. Gardner was the aggressor but Root was the superior boxer. The seventh round opened with Root boring mechanically and Gardner fighting wild in evident desperation. It was then, after 1 minute and 46 seconds of this sort of work, that Gardner started a left for the stomach and caught Root squarely in the groin. The Chicago man sank to the floor with a groan and Gardner was dragged to his corner by his trainer, Aleck Greggains. Referee Wand at once awarded the decision to Root. Gardner protested that the blow was purely accidental.

The Weather.

Washington, Feb. 1.—Ohio, generally fair tonight and Sunday, except snow along the northeast lake shore.

ONE MORE

Suit is Filed Against Northern Securities Co.

Minneapolis, Feb. 1. — Another of the mysterious suits being begun in the state courts here against the parties to the Northern Securities merger was started by the filing of papers in the Hennepin county district court. The plaintiff in this case is John B. Marquand, a stockholder in the Northern Pacific, and he sues that corporation, Charles S. Mellen, its president, and all the directors. His attorneys are identically the same as those in the Powers injunction case and the more recent and similar suit against the Great Northern. It is alleged in the bill of complaint that all the proceedings taken in furthering the consolidation are fraudulent, since the plan is a conspiracy. It is charged that the roads are already combined, and the court is asked to adjudge all measures taken thereto fraudulent.

OPERATORS

And Miners Still Haggling Over Wages.

Demands of the Latter Strenuously Opposed.

President Mitchell and Others Take the Floor in Support of the New Wage Scale That is Demanded.

Indianapolis, Feb. 1.—The joint conference of miners and operators has settled down to business. The miners, through President Mitchell, presented their demand for an increase in pay and for correcting abuses in a formal way and they were discussed at some length in open convention. Even in this short debate the issues were clearly joined between the miners and operators. The scale committee, which will have to take up the discussion of the demands, was also appointed. The convention was organized permanently by the selection of G. W. Traer of Chicago as chairman.

President Mitchell submitted the formal demand of the miners, which was as follows: That there be a general advance of 10 per cent on prices; that an absolute run-of-mine system be adopted for all mines in the competitive field; that there be a uniform scale for all outside day labor and eight hours shall constitute a day's work; that there be a straight differential of 7 cents per ton between pick and machine mining; that all drivers' wages be advanced to $2.25 per day and 10 per cent added; that no clause be inserted in any contract or joint agreement requiring the employes to purchase powder from their employers; that the check-off system be adopted and agreed to in all the competitive districts.

President Mitchell and others took the floor in support of the demands. The operators who replied antagonized them.

A SIEGE

Of Sleet Being Suffered in Southern States.

Memphis, Feb. 1.—The weather of the present week has brought disaster to all the small and many larger towns and villages in the states of Tennessee, Arkansas and Mississippi. It is difficult to estimate the amount of damage. It is known that at Little Rock, Ark., alone the damage amounts to $500,000, and the footings altogether, it is believed, will run up several millions. Business has been at a standstill in many towns. In addition to stocks of goods being ruined, the streets and highways are blocked by broken telegraph and telephone poles, twisted wires, the trunks and limbs of trees and other debris.

THE OHIO

Threatens to Go to the High Water Mark Again.

Cincinnati, Feb. 1.—A light snow is falling, with temperature below freezing point. The river has reached 36 feet. Local forecast official Bassler says of the prospect for high water: "Not counting the snow and rain that is now falling in the valley, there is about six or seven feet more water to pass here. General conditions are threatening high water, however. Above Point Pleasant the river is falling except at Pittsburg, where it is rising. From Point Pleasant down the river is rising sharply out of the West Virginia tributaries. At Point Pleasant the river is full of heavy ice, and at Catlettsburg there is heavy drift and ice."

ADMIRAL

And Mrs. Schley Received at Nashville, Tenn.

Nashville, Feb. 1.—Admiral and Mrs. Schley are the guests of Nashville and the city is in holiday attire in their honor. The train bearing them from Louisville was met at Bowling Green, Ky., by a committee of Nashville citizens. Both the admiral and his wife appeared in the best of health and spirits and expressed themselves as highly delighted with their stay in Louisville. At Nashville the crowds were enthusiastic. Knights Templars in full uniform were on hand to bid their brother knight welcome, and escorted Admiral and Mrs. Schley to the Duncan hotel, where the visitors will stop while in Nashville.

RUMOR

Denied by Chairman Payne.

War Tax Bill

Was Not Taken Up as a Subterfuge

By Which the Question of Cuban Reciprocity Might be Evaded.

Senator Morgan Discusses the Constitutional Phases of the Philippine Tariff Bill —Capitol News.

Washington, Feb. 1. — Chairman Payne of the house ways and means committee authorized the following statement: "A report is being industriously circulated to the effect that the ways and means committee, by taking action on the bill reducing war taxes, has indirectly sought to dispose of the subject of Cuban reciprocity. Nothing could be further from the facts, and the erroneous report appears to be the result of a mixture of self-interest and unwarranted speculation. The fact is that the ways and means committee has taken no vote on the subject of Cuban reciprocity, nor has there been any such conferences or exchange of views among the members, or among the Republicans of the committee, which would warrant any conclusion that there was a purpose to dally with the subject of Cuban reciprocity. This subject is to receive the full and early attention of the ways and means committee.

Senator Morgan Spoke.

Washington, Feb. 1.—An extended speech on the pending Philippine tariff bill was delivered in the senate by Mr. Morgan of Alabama, who devoted particular attention to an amendment he offered to the bill last week. He maintained that the enactment of the bill as it now stands would not be a constitutional remedy for the situation. The measure is designed to relieve, but said with the adoption of his amendment the bill would stand the closest scrutiny of the courts. The Alabama senator did not discuss the political phases of the Philippine question, devoting his entire speech to a consideration of the legal and constitutional questions raised by the presentation of the tariff measure. An hour and a half was devoted to consideration of a bill to increase the salaries of judges of United States courts but no action was taken.

House Defends Itself.

Washington, Feb. 1.—The house prepared to defend itself against what it considers the threatened invasion by the senate of its prerogative in the matter of revenue legislation by directing the ways and means committee to investigate the subject and report to the house its conclusions. The action of the house was the outgrowth of the agitation in the senate of the claim that reciprocity treaties affecting the customs revenues can be negotiated without the concurrence of the house. Several private claims bills were passed.

Governor Taft's Testimony.

Washington, Feb. 1. — Judge Taft, civil governor of the Philippines, was before the senate committee on Philippines. The governor related the progress made by the commission in establishing civil government, and its trials and triumphs. He said that in all the islands having Christian provinces there is a form of civil government. There are, he said, two sultans in the group, one in Mindanao and the other in the Jolo islands. The former ruler is very poor and the latter wealthy and avaricious.

TRUSTEES

Of the Dayton State Hospital are Appointed.

Columbus, O., Feb. 1.—Governor Nash appointed an entirely new board for the state hospital at Dayton, as follows: H. L. Morey, Rep., of Butler county, for the term ending in 1902; Clem R. Gilmore, Dem., of Preble county, son of former Judge Gilmore of the state supreme court, for the term ending in 1903; George Little, Rep., of Greene, 1904; A. N. Wilson, Rep., of Darke, 1905; T. P. Linn, Gold Dem., of Franklin, 1906. It is believed that J. M. Ratcliff will be retained as superintendent, but that R. R. Knowles Stewart, will be superseded.

IMPORTANT

Points Were Scored by Both Sides

In the Murder Case Against Lawyer Patrick.

After Many Unsuccessful Attempts Prosecution Finally Succeeds in Having '96 Will Admitted.

New York, Feb. 1.—Exciting developments marked the trial of Albert T. Patrick, charged with murdering W. M. Rice. The will made by Mr. Rice in 1896 was admitted in evidence. This was a triumph for the prosecution. The will has been offered more than 20 times and each time has been barred because of the determined stand taken by the defense. On the other hand the defense scored a telling point when William M. Rice, nephew of the millionaire, admitted that by the 1896 will he was bequested the $24,000 indebtedness and that he and nine other heirs had signed an agreement with the trustees of the Rice institute whereby the heirs would get $75,000 altogether if the 1896 will were probated.

JURY

(Continued from 8th page.)

him not to make any trouble for the family and requested that he go with him to the home of his brother Ferdinand and see whether or not they could fix it up and have Ferdinand take his wife back again. Louisa Richenbach, Ferdinand's wife confessed to the poisoning of [illegible] at Ulysiss' home the day before which day he and his brother-in-law John Kiem went to the home of Ferdinand to ascertain what was the matter. He then consented to take his wife back again and when Mr. Cribiez, Ulysiss and a third person whom they took along got to the home of Ferdinand and they found that his wife, Louisa, had returned.

There in the presence of the four she again confessed that she poisoned her husband and told them where she got the poison. After Louisa asked her husband's pardon they all agreed to drop the matter because she, Louisa, was in a delicate condition.

Nothing more was said of it until after Ferdinand was taken to the asylum. Louisa Richenbach went to her home in Switzerland with her three children in 1899.

Upon her return Cribiez was charged with being the father of her illegitimate child and was prosecuted for adultery in the Ottawa courts. At the time he was indicted for adultery, the grand jury also returned an indictment for poisoning with intent to kill Ferdinand Richenbach. The indictments were quashed and a second grand jury brought two indictments against him, one for adultery with Louisa Richenbach and one for poisoning her husband.

To these indictments Alois Cribley pleaded "not guilty."

The adultery case was tried first and the jury found him "not guilty."

The poisoning case has been set down at various times but the state had it continued for the reason that they could not find the prosecuting witness, Louisa Richenbach. About a month ago they found her living with one Chas. Black, at Cary, Ohio.

The case was called for last Tuesday and 93 witnesses were subpoened. The defense showed by 14 witnesses that Louisa Richenbach told them that she poisoned her husband and that the reason she did so, was, that she might get his property and then marry a younger husband.

The defense further proved that in 1897 and before Ferdinand Richenbach was taken to the asylum, parties were poisoned by drinking whiskey at his home.

The prosecutor was assisted by attorney A. V. Watts, of Ottawa, while attorney Welty and Downing, of this city, were assisted by attorneys W. W. Sutton and Dan Bailey, of Ottawa.

The case was closed last night and this morning Welty and Downing got a message from the attorneys at Ottawa, stating that the jury was out until 10 o'clock and brought in a verdict of not guilty.

WHAT HUSTLING DID.

Manager Cunningham says he has secured one night from the management of "The Girl From Chili" company. The date will be announced later on. It will be several weeks before they appear here. A little energy of this kind, if pursued, will bring a higher standard of companies to this city.

SICK HEADACHE

A symptom, not a disease. When the stomach becomes incapacitated by disease—is unable to properly mix and assimilate food—it naturally effects the brain and brings on the much feared attack of sick-headache. How useless it is to try to cure the headache until the stomach is in normal and healthy condition. But as soon as this is accomplished, see how quickly the headache disappears. The medicine to use is TABER'S PEPSIN COMPOUND; it acts directly on the stomach, and quickly cures all dyspepsia evils. Sold by all druggists, or sent prepaid by us, 50c and $1.00. Trial bottle free—write for it to-day.

PAINE'S CELERY COMPOUND

Built up His HEALTH

"More Paine's Celery Compound has been sold in the city of Omaha for the last month than all other medicines put together."

So writes the leading wholesale drug house of the West to the proprietors of Paine's Celery Compound.

In October last a card from Hon. Frank E. Moores, the mayor of that city, was published in the Omaha Bee, in which he told of the great benefit Paine's Celery Compound had been to him. "I regard it," he said, "the most wonderful remedy I have ever tried for building up the system when once run down."

On account of Mayor Moores' great popularity and well known standing, the publication of his card in the Bee instituted the Omaha News, the Bee's principal competitor, to make a canvass of druggists and physicians in that city to find out their experience with this and other remedies. A few days later the News published almost a page of the opinions it had gathered. The physicians and druggists interviewed were absolutely unanimous in saying that, of all prepared remedies, the one that had undoubtedly, in their experience, accomplished more than all others in curing diseases was Paine's Celery Compound; and about 50 cases in all were mentioned where prominent citizens or members of their families had been cured within a short time by this remedy, of serious ailments resulting from impaired nerves. Among these was the Chief of Police of that city, whose office was in the same building with the Mayor.

The publication of many of these examples of what Paine's Celery Compound had done for others naturally led those who were sick—and in every community there are thousands of people who, having symptoms of nervous break-down, put off the cure in the vain hope that the nerves will resuscitate themselves—hundreds of those who were sick were thus informed of the one true remedy for their relief.

Unsought and unexpected letters began to pour into Burlington from people in Omaha, telling of their experiences. Some of these letters were published by permission of the writers.

They all told in different ways the same story—of new strength and vitality, sound sleep, better appetite, and the returning health.

No other remedy in the world ever so clearly proved all that was claimed for it as this wonderful discovery of America's greatest physician. The number of authenticated cases of complete restoration to health of people of all ages, who were suffering from insomnia, indigestion, rheumatism and other ailments and weaknesses which are the symptoms of a nervous system deranged by neglect or exposure, or over-work, or over-indulgences, or worry or other influences—the number of such cases is thousands in every community.

"FAINTED AND FELL UPON A HOT STOVE."

Under that headline the morning papers recently told the story of an unfortunate woman who was badly burned. She was subject to fainting fits, and had often fallen to the floor unconscious. But this time she happened to be at work in the kitchen, and was in the very act of placing a dish upon the cookstove when she fainted and fell forward, badly burning herself before help arrived.

The person who is subject to fainting fits is not only in a miserable but a dangerous condition. There is always the possibility of being overtaken by the malady under circumstances which may result in a catastrophy similar to that of

the woman who fell upon the stove. There are a great many women who are subject to fainting "spells," and there is not one of them who would not be grateful for a means of cure.

MEN DON'T FAINT.

As a rule men do not faint. Starting with that proposition it suggests at once that the frequency of fainting among women must be to a great degree a matter of sex. If we follow this clue a step farther we shall find that in general women who faint are afflicted with womanly diseases and when these diseases are cured there are no more fainting "spells."

"I feel it my duty to write to you and let you know how much your medicine has done for me," writes Mrs. Wm. Hackett, of Breesport, Chemung Co., N. Y. "It is one of the best that I ever used in my life. Before I began to use your medicine it seemed as though I would never be well again. Could not walk to my neighbors, could not stand on my feet five minutes without fainting. Would have a vomiting spell that would last three hours at a time. My limbs would tremble so I could not even wait on myself. Then I had a severe time with chronic inflammation of the liver, then uterine trouble, then heart disease. I had five of the best physicians that could be found. They said to my friends, 'there is no help for her.' One said I could not live the winter out, one told me that if I got temporary relief that was all that could be done. My mother said to me one day when she was there, 'Do you know you cannot get well?' I told her I did. She said, 'What are you going to do about the baby? Do you want me to care for her —or some one else?' It seemed as though she had pierced me with a sword, to think of leaving my little girl without a mother, it seemed as though I could not stand it, and when my friends were telegraphed to that I was dying, and seeing them weep by my bed, that seemed as though I could never stand to hear them repeat that they would 'take care of the baby and give her a good home.' I think if ever any one has been through with such a terrible thing they can sympathize with me.

"While taking the first two bottles of your 'Favorite Prescription' and 'Golden Medical Discovery' I seemed to be getting worse. The next two made me feel so well that I could do my work and be real jolly. With the next two I felt like a new being. I have packed and moved twenty miles, and papered three large rooms and a bedroom alone, besides doing my work. I have worked in my garden and picked up about four bushels of chestnuts this fall. I do hope that everyone who is suffering will try Dr. Pierce's medicines. Do not be discouraged if the first you take makes you feel worse but keep right on and you will be surprised at the result."

THE WAY TO BE WELL.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. When the womanly health is established, fainting, headache, dizziness, and all the other maladies which have their cause in womanly weakness and disease, are entirely cured.

Dr. Pierce's Favorite Prescription is essentially and particularly a woman's medicine. It has perfectly and permanently cured the most complicated womanly diseases when all other means and medicines had failed to give more than temporary relief.

"I suffered intense agony at times both in mind and body for about twenty years," writes Mrs. M. A. Farrington, of Milford, Pr. Edward Co., Ont. (box 21). "My suffering was caused by uterine trouble. I had doctored a great deal but they did not tell me my trouble until I got so bad from dizziness that I could scarcely walk across the floor. Then I went under treatment but it only gave me temporary relief; tried a support for a while, but gave it up because it did not do me much good. Had female weakness, retroversion, inflammation, ulceration, displacement, with great nervous debility and terrible headaches until it seemed as though I would go out of my mind. Had weak spells with some ovarian trouble, in fact more misery than I can express. I thank God that he has directed me to take Dr. Pierce's medicine and I firmly believe it the best medicine made for all such troubles. Can recommend it to all who suffer as I did. I took six bottles of 'Favorite Prescription,' one of Sage's Catarrh Remedy, also used one dollar's worth of special tablets, and took also Doctor Pierce's Pleasant Pellets. I have worked harder since taking his medicine than in ten years before. Have been moving and have done all my own work before and after, which I know was due to his medicine."

Revival services will be concluded at the Baptist church tomorrow evening. Many conversions were made during the meetings.

No Argument Needed.

Every Sufferer from Catarrh Knows that Salves, Lotions, Washes, Sprays and Douches Do Not Cure.

Powders, lotions, salves, sprays and inhalers cannot really cure Catarrh, because this disease is a blood disease

and local applications, if they accomplish anything, at all, simply give transient relief.

The catarrhal poison is in the blood and the mucous membrane of the nose, throat and trachea tries to relieve the system by secreting large quantities of mucous, the discharge sometimes closing up the nostrils, dropping into the throat, causing deafness by closing the Eustachian tubes, and after a time causing catarrh of stomach or serious throat and lung troubles.

A remedy to really cure catarrh must be an internal remedy which will cleanse the blood from catarrhal poison and remove the fever and congestion from the mucous membrane.

The best and most modern remedies for this purpose are antiseptics scientifically known as Eucalyptol, Guaiacol Sanguinaria and Hydrastin, and while each of these have been successfully used separately, yet it has been difficult to get them all combined in one palatable, convenient and efficient form.

The manufacturers of the new catarrh cure, Stuart's Catarrh Tablets, have succeeded admirably in accomplishing this result. They are large, pleasant tasting lozenges, to be dissolved in the mouth, thus reaching every part of the mucous membrane of the throat and finally the stomach.

Unlike many catarrh remedies, Stuart's Catarrh Tablets contain no cocaine, opiate or any injurious drug whatever and are equally beneficial for little children and adults.

Mr. C. R. Rembrandt, of Rochester, N. Y., says: "I know of few people who have suffered as much as I from Catarrh of the head, throat and stomach. I used sprays, inhalers and powders for months at a time with only slight relief, and had no hope of cure. I had not the means to make a change of climate, which seemed my only chance of cure.

"Last spring I read an account of some remarkable cures made by Stuart's Catarrh Tablets and promptly bought a fifty cent box from my druggist and obtained such positive benefit from that one package that I continued to use them daily until I now consider myself entirely free from the disgusting annoyance of catarrh; my head is clear, my digestion all I could ask and my hearing, which had begun to fail as a result of the catarrh, has greatly improved until I feel I can hear as well as ever. They are a household necessity in my family."

Stuart's Catarrh Tablets are sold by druggists at 50 cents for complete treatment and for convenience, safety and prompt results they are undoubtedly the long looked for catarrh cure.

FAREWELL

Ovation Tendered Rev. I. J. Miller,

Who, After a Quarter of a Century of Earnest Work, Resigned as Pastor—Will Remain in Lima.

The members of Spring street Lutheran church were greatly surprised a few weeks since when Rev. I. J. Miller tendered his resignation as pastor, to take effect the latter part of January, 1902. It might be added that his many friends and associates in Lima other than his flock were equally surprised, for they have observed with pleasure his steady and onward course, both as pastor and citizen. On being questioned Rev. Miller said, he did not wish it understood that he had abandoned his profession as a clergyman, but that after more than a quarter of a century of continuous and hard work, he desired to step aside from the active charge of a church, and to do so of his own will and accord while in the prime of life. A King once said: "Let not him that girdeth on his armor, boast himself as he that putteth it off." But the Rev. gentleman modestly refrained from boasting, saying only that he liked this city and this people and expected to make it his home for the residue of his days.

Last Tuesday evening the membership of his church to a hundred in number assembled at Rev. Miller's home to enjoy a rich repast of viands and good fellowship. The ladies of the church had this function in charge, and it follows, of course, that it was a success. They remembered Miss Luella King, organist for the church, with a beautiful ring; and the elegant present to the retiring pastor, as well as the spirit of the occasion, can better be told in the well chosen words of Dr. Matthews, who said:

"Rev. Mr. Miller: Your friends and members of Spring street Lutheran church have met together again in your home this evening for the purpose of spending it socially together as we have done in the past. But at this time some things have taken place which we all regret, and while we are about to be separated as pastor and members, and while you may not minister to us from the pulpit as in the past, we trust that we may ever mingle together as friends and workers for the Master and that you and your family will ever remain among us.

"You have done a noble work in the past eight years as pastor of Spring street Lutheran church and have seen it prosper, spiritually, increase in membership, and financially; although some things have transpired which have been a burden upon your heart as well as upon the hearts of your friends. But in all our lives some rain must fall, some days be dark and dreary. Even our blessed Master when on earth was despised and hated by some; but he was ever our loving and blessed friend.

"We hope that you will ever hold in your memory the pleasant associations as pastor and people of this church. Blot out of the tablet of your memory some things that have transpired in the past, and preserve the things which have been good and pleasing in the sight of God. You have done a grand work all through your ministerial life; and when the time shall come to leave this world, the Master will say, come up higher.

"And now Rev. Miller, as a token of love and respect in which your friends and members of the church hold you, I have the pleasure of presenting to you this couch, and in your declining years as your body becomes weary in the daily toils of life, may you lie down and enjoy the rest it may give you, and ever keep green in your memory the friends who gave it."

IRRITABLE WOMEN

Should be Pitied — Not Blamed — Men Don't Understand How They Suffer When They Cry, "Oh, Don't Speak to Me."

All manner of extravagant expressions are possible when a woman's nerves are overwrought.

The spasm at the top of the wind pipe or bronchial tubes, "ball rising in the throat," violent beating of the heart, laughing and crying by turns, muscular spasms (throwing the arms about), frightened by the most insignificant occurrences—are all symptoms of a hysterical condition and serious derangement of the female organs.

Any female complaint may produce hysterics, which must be regarded as a symptom only. The cause, however, yields quickly to **Lydia E. Pinkham's Vegetable Compound**, which acts at once upon the organ afflicted and the nerve centres, dispelling effectually all those distressing symptoms.

Mrs. Lewis Says: "I Feel Like a New Person, Physically and Mentally."

"DEAR MRS. PINKHAM:—I wish to speak a good word for **Lydia E. Pinkham's Vegetable Compound.** For years I had ovarian trouble and suffered everything from nervousness, severe headache, and pain in back and abdomen. I had consulted different physicians, but decided to try your medicine, and I soon found it was giving me much relief. I continued its use and now am feeling like a new person, physically and mentally, and am glad to add one more testimonial to the value of your remedy."—MRS. M. H. LEWIS, 2103 Valentine Ave., Tremont, New York, N.Y.

Writing to Mrs. Pinkham is the quickest and surest way to get the right advice about all female troubles. Her address is Lynn, Mass. She advises women free. Following is an instance:

Mrs. Haven's First Letter to Mrs. Pinkham.

"DEAR MRS. PINKHAM:—I would like your advice in regard to my troubles. I suffer every month at time of menstruation, and flow so much, and for so long that I become very weak, also get very dizzy. I am troubled with a discharge before and after menses, have pains in ovaries so bad sometimes that I can hardly get around, have sore feeling in lower part of bowels, pain in back, bearing-down feeling, a desire to pass urine frequently, with pains in passing it; have leucorrhœa, headache, fainting spells, and sometimes have hysteria. My blood is not in good condition. Hoping to hear from you, I am, MRS. EMMA HAVEN, 2508 South Ave., Council Bluffs, Iowa." (June 3, 1899.)

Mrs. Haven's Second Letter.

"DEAR MRS. PINKHAM:—I wish to express my gratitude for what you have done for me. I suffered for four years with womb troubles. Every month I flowed very badly. I got so bad that I could hardly do my work. Was obliged to sit or lie down most of the time. I doctored for a long time, but obtained no relief. I began using your remedies—**Lydia E. Pinkham's Vegetable Compound,** Blood Purifier, Sanative Wash and Liver Pills—and now feel like a new woman."—MRS. EMMA HAVEN, 2508 South Ave., Council Bluffs, Iowa. (Feb. 1, 1900.)

$5000 REWARD.—We have deposited with the National City Bank of Lynn, $5000, which will be paid to any person who can find that the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

SOCIETY and the CLUBS.

Pleasure and profit go hand in hand for the Twentieth Century club who are busy workers with an occasional holiday, annually giving a banquet each member being privileged to bring one guest. Their banquet was the opening social event of this week, taking place Monday evening at the home of Judge and Mrs. J. L. Price, of west North street. The rooms were fragrant with American Beauties and spicy carnations and smilax was used in festoons on the chandeliers and doorways. Just over the long banquet table was a basket of American Beauties held by the club colors, dark red and green ribbons. At this table were seated thirty-six and three small tables near by were filled. Apt quotations on dining were at the places assigned and made merry conversation throughout the four excellent courses over which all lingered and then as if by magic the tables disappeared and after a half hour the following choice program was given:

Ballad.....Leybach
Monastary Bells.....LeFebure
Mrs. S. S. Wheeler.
Favorita La.....Donizeeta
Violets.....Ellen Wright
Marion Cessna.
Reading—Little Red Riding Hood..
.....Riley
Crossing the Bar.....Tennyson
Mrs. L. H. Rogers.
Songs—Make New Friends But Keep the Old.....Parry
Sweetheart.....Hawley
Miss Vina Badeau.

Then followed a unique feature. Excursion tickets were given out for a great midwinter tour of the United States, to all the leading cities and points of interest along the route, the names being placed in conspicious places throughout the rooms in such a puzzling way that one found it hard to decipher them, but all enjoyed the round trip and on their return were delighted by again hearing Miss Cessna sing

At Parting.....Rogers
A Rose Fable.....Hawley
Mighty Like a Rose.....Nevin

The guest list included the husbands of the married members and the following friends: Mrs. Cessna and daughter Marion, of Sidney; Mr. C. C. Marshall, of Sidney; Mr. Fred Becker, Mrs. R. D. Kahle, Mr. Chas Mooney, Mrs. James Langan, Miss Eda Ballard, Mr. H. Jones, Miss Mable Thrift, Mr. Frank Baxter, Miss Ella Mackenzie, Mrs. Luah M. Yesterday, the pleasant home-like rooms of the Lima Club were opened to one hundred of their lady friends. Fragrant carnations were used effectively in decorating and sparkling frappe, with a border of Malaga grapes was an attraction in one cozy nook. A good orchestra made sweet music as an accompaniment to conversation and lovers of euchre, had progressive games full of interst; Mrs. Walter Cooney winning the first prize, "The House With the Green Shutter," by Douglas; Mrs. W. S. Lowe was the winner of the second prize, Richard Harding Davis, "In the Fog." Both books were handsomely bound and illustrated, making lovely gifts; Miss Grace Bryan was more than consoled for low scores by receiving a pretty plate. After the game the tables were placed together in long tables so a congenial crowd could enjoy the dainty refreshments together, then came the choosing of souvenirs, framed pictures of famous writers and artists, each a gift worth having to remember this Ladies Day, with its many pleasant features. This afternoon was a forerunner of numerous pleasant events to follow, as the Club House will each month be opened to them on the last Friday. The following committee was yesterday selected to arrange for the next afternoon, which will be February twenty-eighth: Mrs. J. W. VanDyke, Mrs. S. Spellacy, Mrs. L. Platt, Mrs. P. Spellacy, Mrs. A. Time Enjoyed by Maccabees

Who Attended

The District Meeting at St. Marys.

One Hundred and Twenty Members in Attendance From This City.

A Street Parade Was Given With Over Five Hundred Members in Line—Limaites Among the Many Entertainers.

The district meeting held by the Knights of the Maccabees of this the fifteenth district of Ohio, at St. Marys yesterday and last night was the biggest and grandest gathering of the kind ever held by the order in the history of the district. About one hundred delegates and members were present at the business session, which was held in the afternoon, and the evening trains hauled about 400 more Sir Knights into the reservoir town in time for the splendid supper that was served and in time for the night session that was held in the St. Marys tent's lodge rooms, commencing at 8 o'clock.

West bound L. E. & W. passenger train No. 5, which left here at 4:38 yesterday afternoon, carried three extra coaches and before the train reached St. Marys these coaches were filled and crowded with members of the order. The uniform rank, K. O. T. M. band and tent members from Findlay were out in force and one hundred and twenty members of the three local tents made up a big delegation that was augmented by representatives from Van Wert, Cridersville, Wapakoneta, Ada, and other neighboring towns. The visitors were met at the depot in St. Marys, and a street parade was given with three bands and five hundred members in line. Banners and streamers were hung about the streets, proclaiming to the visitors the hearty welcome that was exemplified in the reception accorded the Sir Knights by the citizens of the town generally. From 6 until 8 o'clock the Ladies of the Maccabees of St. Marys served an excellent supper to the visitors in a large new business room, which had been made comfortable and inviting. Behind a bank of stately palms an orchestra discoursed excellent music, and every Sir Knight present did justice to and enjoyed the spread. The ladies were congratulated on every hand upon the splendid supper and the manner in which it was served to the big crowd.

During the evening session in St. Marys tent's spacious lodge rooms the initiatory work of the order was exemplified by Banner tent's team from this city; Massasoit tent team, of Wapakoneta, and St. Marys tent team. This interesting work was followed by an informal session of entertainment in which Sir Knight Charles Hiatt, of Petroleum tent, this city, officiated efficiently as master of ceremonies. Among the speakers introduced were Great Record Keeper Ed. L. Young, of Norwalk, and Great Medical Examiner R. D. Kable, of this city, and some excellent music and buck and wing dancing was furnished by the Lima City Quartette, (George and Lee Chaney, James Wingate and Myron Wickham) and by J. W. Hines and others of this city. The meeting was a very enjoyable one and all who were present are indebted to the St. Marys Sir Knights, and especially to Record Keeper Heinrichs, for the splendid manner in which they were entertained.

A special train on the L. E. & W. in charge of engineer Frank Lewis and conductor Thomas O'Donnell, brought the Lima Sir Knights home at 3 o'clock this morning and went on to Findlay with the delegation from that city.

The next district meeting will be held at Ada in March.

FOUND GUILTY.

Mrs. Watkins Convicted of Complicity in the Antwerp Crimes.

Is Remanded to Jail and Her Attorneys are Preparing Motion for a New Trial. The Shaffers Sentenced.

A dispatch from Paulding, dated last night says:

"Sallie Watkins was found guilty by the jury of being an accomplice with Mrs. Shaffer, the Antwerp woman found guilty of criminal practice, this afternoon, after deliberating thirty minutes. Immediately the sheriff brought in Mrs. Shaffer, who withdrew her plea of not guilty and substituted a plea of guilty to the second indictment against her.

"She was then sentenced to five years on the first indictment and three years on the second indictment, the second sentence to begin on the expiration of the first sentence, making eight years in all.

"Her husband, "Dr." Shaffer, also pleaded guilty with her, and was sentenced for two years.

"The prosecutor then nollied all indictments against Cora Shaffer, Ida Coffele, Sadie Coffele, Emanuel Sherrick and Pearl Sherrick, and they were discharged. One indictment only remains, that against Esther Douglas, sister to Mrs. Shaffer, and she is out on bond. The public is well satisfied with the result, and breathes a sigh of relief."

The TIMES-DEMOCRAT received a message from Paulding this afternoon announcing that Judge Hubbard had gone to his home at Defiance and had not yet pronounced sentence upon Mrs. Watkins. The latter has been remanded to jail and her attorneys are preparing to file a motion for a new trial.

Weak Kidneys

ARE PARTICULARLY DANGEROUS TO MOTHERS OR FATHERS.—CARE SHOULD BE TAKEN BEFORE THE DISEASE BECOMES SERIOUS.—WEAK KIDNEYS ENDANGER THE FAMILY.

CURE THEM AT ONCE

Women, especially mothers, are very apt to develop Kidney trouble, thereby creating a very dangerous condition, and one that should be avoided. They not only endanger their own life, but that of their children. Lives can be saved by a little care and caution. Thinking women will realize the force of our statement.

Men, the supporters of the home—the fathers—should be warned by any symptoms evidencing Kidney trouble. It is an insidious disease and should be eradicated on first appearance.

Have you ever thought how necessary it is that your children should not inherit Kidney Disease?

One of the first symptoms of Kidney trouble is a slight pain in the small of the back; also a frequent desire to urinate, especially at night. A simple test of your urine will show if you have other bad symptoms, viz.: Place some urine in a glass tumbler and allow it to stand twenty four hours, if there is disease, you will discover a sediment, or a milky, cloudy appearance, or particles afloat. If you have any of these symptoms it shows disease and demands treatment at once. Knowing the cause of the disease, we have prepared a remedy which goes to the root of it, removes the cause and stops any further trouble. Kidney Disease must not be trifled with, but can be cured if taken in time by using

THE FASHIONS.

White cloth costumes have made their appearance at afternoon receptions.

Blouses of Irish crochet lace of fine workmanship are fashionable for the evening.

Antique lace and embroidery form the trimmings of the up to date woman's costume.

The newest stockings instead of having openwork at the ankle have the lace effect from the upper part of the stocking to the shoe top.

A favorite costume for evening wear is made of black lace with incrustations of colored or white lace. Any original ideas may be carried out in this way.

Fancy waists of flowered chiffon—as, for instance, a white waist sprinkled with tiny rosebuds or forgetmenots—are among the most dainty styles of the season.

A simple yet popular adornment for the neck is a broad straight band of velvet. Sometimes a color to combine with the costume is worn but usually the band is of white or black.

Long gloves have become popular and are worn with reception costumes. These gloves are made of glace as well as suede and the long wrists are drawn in wrinkled effect up over tightly fitting sleeves.

'Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergest, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by Wm. Melville, old post office corner.

FACTS FROM FRANCE.

The new Theatre Francaise in Paris covers three acres of ground and is the largest in the world.

A Paris biscuit manufacturer has hired a brigade of canvassers to parade the streets of the city mounted on stilts.

A moving sidewalk, such as was operated at the late exposition, has been proposed on five of the principal streets in Paris, to cover a circuit of six miles.

A distinctive badge has been adopted for the French military balloonists in the somewhat odd form of an anchor with wings, which is embroidered upon the sleeve.

Paris has always paid $18,500 a year to the detectives who guard the president of France but has just refused to do so any longer, and the national government has assumed the task. Twelve detectives are hired for the purpose.

Paris is to erect sixteen new statues, preserving to public memory Garibaldi, Baudelaire, Pasteur, Gounod, Balzac, Spuller, De Musset, Roure, Jules Simon, Verlaine, General Dumas, Alexandre Dumas fils, Garnier, Auguste Comte, Daudet and Hugo.

WATCH DOGS

Even on the Alert—Alive to Every Form of Oppression—Kept on Edge—Burdened Beyond Endurance—Nerves Give Out

The machinery of a mill that grinds day and night has to shut down now and then for repairs. It is the same way with your nerves. Overwork, close application, our ways of living bring about nerve waste that sets up symptoms of various kinds. It may be failing strength, weakness, languor, headache, sleeplessness, etc. Whatever it is, nerve force is lacking, and the means of restoring rests with Dr. A. W. Chase's Nerve Pills. A great many people in Lima vouch for this. Among them is Mrs. G. L. Stockham of 713 north Union street, Lima, Ohio, who says: "I was sick all winter, nervous, weak, headaches a lot and hard nervous chills. I could get nothing it seemed to help me until I began Dr. A. W. Chase's Nerve Pills, I got at Melville's drug store. The medicine took hold immediately and the change was most agreeable. Today my nerves are steady, the chills and headaches gone and my general strength and system strength good. I am glad to be able to say this."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package. 2322

A NEW, SCIENTIFIC METHOD OF TREATMENT FOR

Diseases of Men and Women

The Nervous System.

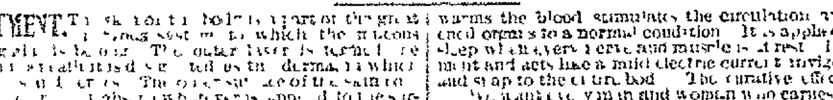

The Arterial System.

THE PARIS FOOD AND CRAYON TREATMENT

Nature's Cure for Every Known (curable) Disease. A Fresh Lease of Life Given to Weak Men and Women.

PARIS FOOD TREATMENT. ... warms the blood, stimulates the circulation and will restore the weakened organs to a normal condition. It is applied at night and acts during sleep when every nerve and muscle is at rest. It is a harmless home treatment and acts like a mild electric current invigorating and imparting vim and snap to the entire body. The curative effects are felt from the start. We want every man and woman who earnestly desires a cure to investigate our combined treatment. We invite in particular all who have tried elsewhere without success, all whose cases have been abandoned by family physicians and so-called experts. It will be explained to you why you have not been cured, and it will be demonstrated to your entire satisfaction that you can be cured safely, quickly and permanently.

THE PARIS MEDICATED CRAYON

The Paris Medicated Crayon is made in many different shapes, sizes and formulæ. It is a combination of rare and valuable medicines, especially prepared to meet the requirements of each individual case. Physicians today realize the fact that medicines taken into the stomach cannot reach the seat of diseases of men. For the cure of Seminal Weakness, Varicocele, Stricture, Gleet, Gonorrhœa, Catarrhal or Mucous Discharges, Irritation and Enlargement of the Prostate Gland, Bladder and Urinary Disorders, this scientific method of treatment is priceless, and has proven itself to be the greatest boon to mankind yet discovered. We also cure Blood Poison, Catarrh, Deafness, Asthma, Consumption, Rheumatic, Heart, Skin, Stomach and Liver Diseases, Epileptic Fits, etc.

THE PARIS CRAYONS are inserted in the water passage upon retiring at night. They slip into position without the slightest effort or pain, requiring a short time to dissolve. In this way the medicine reaches the diseased parts and its action immediately begins, continuing until a permanent cure is effected. Diseases which have baffled other treatments are now being cured by this new, scientific method. Common sense tells us that a remedy applied directly to the seat of any disease must give the best results.

All Druggists, 10c, 25c and 50c.

The popular idea expressed in the phrase, "the art of self-defense," shows the opinion that the chief enemies a man has to defend himself from are visible and external. But the real danger of every man is from minute and often invisible foes. In the air we breathe and the water we drink are countless minute organisms leagued against the health of the body.

The one defense against these enemies is to keep the blood pure. Dr. Pierce's Golden Medical Discovery thoroughly purifies the blood removing poisonous substances and accretions. When the blood is pure there is no harborage for the germs of disease which find a lodging only when the blood is impure and corrupt.

"I consider your Golden Medical Discovery one of the best medicines on the face of the earth," writes Mr. Wm. Floener, of Redoak, Montgomery Co., Iowa. "While in the south-west three years ago I got poisoned with poison ivy. The poison settled in my blood and the horrors I suffered cannot be told in words. I thought I would go crazy. I tried different kinds of medicine, tried different doctors, but all the relief they could give me was to make my pocket book lighter. I then began taking Dr. Pierce's Golden Medical Discovery. Took four bottles without relief. Kept taking it. I took in all ten bottles and I got entirely cured."

A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from A. E. Steer of Goodwin, S. We had to pull phlegm out of his mouth in great long strings. I am positive that if I had not got that bottle of cough medicine my boy would not be on earth today.—Joel Demont, Inwood, Iowa. Saturday Matinee and Night. "The Volunteer Organist."

At the Faurot tonight comes "The County Fair" with Mr Neil Burgess as "Abigail Prue", in which character he will positively appear supported by his original New York cast. "The County Fair" will be produced on an elaborate scale. For the present production in this city three horses will be employed in the presentation of the great race scene instead of two, thus making it more realistic than ever.

* * *

On next Saturday, matinee and night, Harry Martell's big melo-drama "The Volunteer Organist," comes to the Faurot. This play is meeting with phenomenal success this season and last week broke all records at Hyde & Behman's Theatre, Brooklyn. It is a play that will appeal to every one, and will be presented with the same strong company and scenic environment used in the East.

Cy Corliss for many seasons prominent in Frank Daniels' operatic productions, Maurice Darcy, principal tenor of the Tivoli Theatre, San Francisco—America's greatest comic opera home—Robert Lett whose recent success as Dr Fizz in the Studebaker Theatre Chicago production of King Dodo' and Charles Meyer, who also interpreted the role of King Dodo in Chicago go to make up a cast that could not be well improved upon. Like Florodora,

"King Dodo" is likely to be a reigning success for many years to come. The music of "King Dodo" was the hit of the Yale and Cornell Glee Club's Concert tour this season, likewise the most popular of all the receptions and balls of the year in fashionable Washington, New York, Boston and Chicago society.

Mr Earnest Seton-Thompson, the well known author of "Wild Animals I Have Known," is coming to Lima to lecture next month. The lecture will be illustrated by stereopticon views—some of them taken from photographs, others from his own drawings—of bears, foxes, rabbits, deer, elk, and the queer tracks wild animals make in the snow. Mr Seton Thompson is not a lecturer, in the strict sense of the word. He merely talks in a delightful, conversational way on the things in the animal life of which he knows and sometimes tells why and how he knows, and gives the animal calls. He is a thoroughly entertaining talker.

'The Wrong Mr Wright" is a farce in three acts by George H Broadhurst. This piece proceeded "What Happened to Jones" and "Why Smith Left Home' by several seasons and was played throughout the country by Roland Reed, it being his greatest success. The piece will be presented Tuesday night at the Faurot by Mr John Allison who plays the part of 'Seymour Sites." He was the Jones three seasons in 'What Happened to Jones.' The strong cast is made up of the following well known players: Mr John Allison, Miss Eloise French, Maud Allison, Forrest Marion, Ada Morton, H. G. Lockey, George L. Kennedy, Jas. Newton Drew, Joseph Duddy, Sydney Reynolds, Thos. Hodge, men and others.

PIOLA

A carnival of splendor surrounding the realms of laughter and melody properly describes the notable musical opera King Dodo' announced for a visit to this city on Thursday, Feb. 6th. The book is the work of Mr Frank Pixley, the well known Chicago librettist, and the music has been provided by Gustav Luders, whose name has become familiar through its connection with "The Burgomaster" and many popular musical creations during the past few years. King Dodo was first disclosed to the public view in Chicago last spring and to the surprise even of the management continued to regale residents of the Illinois metropolis for a period of five months with uninterrupted success. The complete production is promised for this city, including 60 people and a special orchestra, and the scenic adornment which is declared to be of a very elaborate description will all be seen here.

* * *

The above is a likeness of Victor Herbert, the famous conductor of the Pittsburg orchestra and the composer of 'The Serenade," "The Ameer," "The Fortune Teller," etc. Mr Herbert will personally conduct both concerts here on Feb. 26th. The orchestra will arrive by special train from Cleveland, where they give their third concert this season in that city on the 25th, and leave by special after the evening concert for Pittsburg.

* * *

Those of our playgoers who saw Jefferson De Angelis in "The Jolly Musketeer" two seasons ago will be delighted to hear that the famous comedian will soon be heard here in his latest and greatest success "A Royal Rogue." Mr. De Angelis' hit in this merry opera is unquestioned, and he has surrounded himself with a company of unusual excellence which includes such well known artists as Henry Norman, Charles Dungan, Frank Kelly, Edmond Lawrence, John Dudley, Helen Byron, Adella Barker, Gertrude Mackenzie, Maud Poole and Adine Bouvier. There is also a large chorus and the scenic embellishment of a "Royal Rogue" is said to be on a scale of unexampled magnificence.

TIRED OUT

To the Man Depressed in Spirit and Ready to Give Up, Dr. Greene's Nervura Works Wonders.

Exhausted, nervous and weak, head almost bursting with pain, energy gone, ambition fled, depressed in spirit, ready to give up.

This is what comes to the man who keeps driving at his work until the breaking point is reached.

Stop now! Build up your strength with Dr. Greene's Nervura blood and nerve remedy, which does wonders for every weakened system.

Squire L. A. Beck, of Pekin, Ill., says:

"I heard so much about Dr. Greene's Nervura blood and nerve remedy that I concluded to try a bottle. I was surprised from the start to find that I felt better and more vigorous than I had for years. Nothing in the medicine line I ever tried before gave me as much relief. It made a marked improvement in my condition and my family also noticed the change. I continued to take the medicine as a blood and nerve tonic. I recommend it to anyone."

Mr. Walter S. Phillips of Phillips & Casey, Rouse's Point, N. Y., says:

Boys Regiment to be Addressed by Dr. R. J. Thomson Tomorrow Afternoon.

At the meeting of the Boys' Gospel Regiment tomorrow at 2 15 o'clock, Dr R. J. Thomson, preacher, author and lecturer, pastor of the Market street Presbyterian church, will deliver the first of a series of four addresses. With Dr Thomson, time is money, and the regiment is very fortunate that such a busy man would consider it worth his while to take the time necessary to prepare and deliver this series of addresses. Dr Thomson, however, knows a good thing when he sees it, and it is because he appreciates the value of the work done by this organization, that he lends his assistance in making it even more useful. He will discuss live topics.

Tomorrow it will be "The Cigarette and the Boy." If you are the latter, and ten years old or more, come, but don't bring the former. Every boy in Lima whether he uses the "coffin nails" or not, should hear what Dr Thomson has to say about them. He will treat the subject from a scientific standpoint.

Attendance for the month of January was the best in the history of the regiment. Average was 148; largest attendance January 12th, 166.

A banquet will be served to the company having the best attendance for the months of January, February and March. Every company has a chance at this. Companies E and C are now in the lead.

The correct solution to the egg problem will be published in this paper one week from today. All the meetings of the regiment are held in the Y. M. C. A. building.

Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

WINE OF CARDUI

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1900.

I have used one bottle of Wine of Cardui and one package of Thedford's Black-Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.

FIRE

Destroyed the East End Mill

This Morning.

Building Caught from Overheated Stove

And the Upper Part Burned Out Before the Department Arrived.

Insurance was Carried on Building and Stock but Not Enough to Cover the Damage Caused.

What is known as the Riverside rolling mill, which stands on the east side of the creek on Bellefontaine avenue was almost completely destroyed by fire early this morning and the loss to the owners of the property and to I. N. Bedford who was operating it will be considerable.

Mr. Bedford was the first to arrive at the mill this morning and after fixing the fire in the office he went to the barn in the rear. During his absence the mill caught fire, possibly from the over heated stove and had a good start when Mrs. Martin, who lives in the neighborhood had her attention attracted by the smoke. She lost no time in notifying Mr. Bedford and a few seconds later the fire department received a call from box 34 which brought out the boys from Central and the south side. Four streams were thrown onto the burning building, but the flames, starting from the interior, had eaten out the supports and before the fire was under control the roof tumbled in. The upper part of the mill suffered most, but much damage was also done to the rolls and other machinery by the flood of water.

Considerable grain and the finished products of the mill also made food for the flames. The property is owned by Louis Krilling and John Anderson, of Scott street, but they had no interest in the business which was conducted by I. N. Bedford under a five year lease. He has been operating it for the past three years. The building is insured for $1600 and Mr. Bedford carried $700 on the stock. With the assistance of those who were attracted by the fire some of the flour but lately turned out was carried from the mill and the books and accounts were also saved. It cannot be said positively that the mill will be repaired and operated again as much will depend on the adjustment made with the insurance companies.

Mr. J. T. Tabler, the former proprietor of the Kell block grocery, has purchased an interest in the American laundry, and as a member of the new firm of Tabler & Golden, he will assist in establishing the new plant and in building up the business. New machinery will be purchased and the plant will be up to date in every particular. Contractor Cliff Kiplinger and a force of men are now at work repairing and remodeling the old Banta building and the new laundry will be in operation within thirty days. Both Mr. Tabler and Mr. Golden are reliable, hustling business men and success of the enterprise is assured.

The Dime Society of St. Pauls Lutheran church is highly gratified with the sale of tickets for the Liquid Air lecture at Faurot opera house next Wednesday night. The sale already has passed far beyond expectation and there is every evidence that the opera house will be crowded. Concerning the lecture Rev. Frank W. Gunsaulus, pastor Central church and president Armour Institute, Chicago, says: "I have to say that the lecture and experiments with Liquid Air at the Armour Institute were most instructive and brilliant. I would not have had my students miss this lecture and these experiments for hundreds of dollars, and I cannot see how any lecture association could obtain a more fascinating and valuable entertainment."

TWENTY

Pigeons Received by Harry Johnson.

Harry Johnson, with the assistance of Congressman R. B Gordon, has secured possession of twenty fine carrier pigeons that were the property of the government. The pigeons are fine specimens of the family to which they belong, and will be admired by all bird fanciers. They were sent to Mr. Johnson from the Mare Island navy yard, near San Francisco, and were disposed of by the government because their usefulness is now supplanted by wireless telegraphy. Mr. Johnson has a fine collection of birds, and recently captured nearly every first prize at the Ft. Wayne bird show.

JURY

Returned a Verdict of Not Guilty

At the Close

Of the Case Against Alois Criblez.

Sensational Trial at Bluffton Brought to a Close Last Night.

Testimony of a Number of Witnesses Clearly Indicated That the Wrong Person Had Been Indicted.

A very interesting case has just been closed wherein the Bluffton people had a hearing in the Ottowa, Ohio, courts.

The title of the case was The State of Ohio vs. Alois Criblez, indicted for poisoning one Ferdinand Richenbach who is now in the asylum at Toledo, Ohio. The alleged poisoning was supposed to have been committed January 6, 1892, and the circumstances that connected Mr. Criblez with the case are as follows:

The trial of the case developed that Alvis Criblez and Ferdinand Richenbach were fast friends from the time Mr. Criblez came to this country, twenty years ago. They took a French daily paper in partnership and Ferdinand Richenbach was a frequent visitor at Criblez home in Bluffton, Ohio, from that time until he was taken to the asylum. A few days before the alleged poisoning was committed Alois Criblez was called to the home of Ferdinand Richenbach and found him confined to his home with sickness. From there Criblez went to Pandora to insure some live stock for parties in Pandora. Ferdinand Richenbach gave him a half gallon jug and requested him to bring him some gin and sugar. Criblez bought the gin as requested and after reaching Ferdinand Richenbach's home they drank of the gin. The Sunday after this two parties called at Criblez' home with a bottle of gin stating that it contained poison and wanted Criblez to have it analyzed by Andrew Hanenstein, the druggist. They went to the druggist to have it examined but he said he was no chemist and could not analyze it. Nothing more was said of it until Criblez was informed that Ferdinand Richenbach's wife stated that Alois Criblez put poison in the gin. Her evidence on this point was that when Alois Criblez arrived at her home with the gin on Wednesday, January 6th, he in her presence poured a quart of liquid into the jug containing poison, and stated to her when pouring it into the jug that it contained poison and if her husband would drink it he would soon die. This the state was not able to support by any other witness on trial.

The evidence furnished discloses that Ferdinand Richenbach drove his wife Louisa away from home on the following Monday claiming that she attempted to poison him by putting poison into his coffee, tea and whisky and by putting it on his tobacco. On Tuesday Alois Criblez went down to visit his friend Ferdinance Richenbach. He found him sick. There Criblez informed Richenbach that he heard that his wife claimed that he wanted to poison him. Ferdinand told him then where she got the poison and how she placed it into his coffee and whiskey.

Mr. Criblez went to Ottowa to see the prosecuting attorney but did not find him at home. On his way home he met Ulysiss Richenbach, a brother to Ferdinand and Ulysiss begged of
